

DisplayPort™ adapter female to female (GENDER CHANGER)

Product number K-850-D4

Product description

DisplayPort™ adapter female-female (GENDER CHANGER), gold-plated contacts, 20 pin (1:1 connected)

Key features

DisplayPort™ female/female adapter

This adapter allows you to combine two DisplayPort cables (male/male type) into one long connection. The sockets of the adapter support the snap-in function of the DisplayPort plugs. In this way, you get a stable connection that does not come loose easily due to strain.

DisplayPort™ Gender Changer

When plugged into a male cable end, the adapter acts as a gender changer. Male becomes female.
