

Active USB extension cable USB 2.0 black 5m

Product number USB2-1006

Length 5000mm

Product description

Active USB 2.0 extension cable with integrated amplifier (booster), 5m, plug type A male / port type A female, colour: black

key features

- active extension cable 5m for USB 2.0
- max. 480 Mbps
- integrated repeater function
- for PC and Apple Mac
- USB connector type A male to A female
- shielded cable, twisted pair
- no external power supply needed
- no software or drivers required
- compatible to USB 2.0 HIGH SPEED and USB 1.1
- e.g. for harddisks, printers, scanners, webcams, ISDN systems
- colour: black
- length 5 metre

If you repeat this cable up to 25m, the voltage will gradually decline and if your device draws in excess of 2 watts, bus power will no longer function and an external power supply will be necessary.
